

Black&White Payment Housing

MORE FLEXIBILITY FOR YOUR COFFEE BUSINESS

Payment housing with neutral positioning area

No cash available? Install your desired payment system in the new payment housing and your customers will be able to purchase their coffee drinks without cash. Visually, the design-compliant side case fits perfectly with the Black&White4 and Black&White4 compact product lines. The payment housing is supplied with a neutral front. This allows you to integrate any payment system into the housing for cashless payment options.

On request, the payment housing can be supplied already with the appropriate cut-out. Please ask your Thermoplan contact person about the options.

Your advances at a glance

- Design-compliant side housing
- Neutral positioning area for your desired payment system
- Cut-out for desired payment system on request
- 168x498x490mm (W/H/D)
- Standard feet 57mm (high feet 87mm available as an option)
- No power connection necessary (connecting cable to coffee machine)
